“Ensure healthy lives and promote wellbeing for all at all ages”

SDG 3: Targets and Approaches

9 TARGETS

4 MEANS OF IMPLEMENTATION

SDG 3: The Nine Targets (2030 End Date)

Numeric targets **Zero targets**

- **3.1** Reduce **global maternal mortality ratio** to **under 70 per 100,000 live births**
- **3.2** **End** preventable deaths of **newborns and under-five children**
- **3.3** **End** the epidemics of **AIDS, tuberculosis, malaria, and neglected tropical diseases** and combat **hepatitis, water-borne diseases, and other communicable diseases**
- **3.4** Reduce by **one-third** pre-mature mortality from **NCDs**
- 3.5** Strengthen prevention and treatment of **substance abuse**, including narcotic drug abuse and harmful use of alcohol
- **3.6** **Halve** global deaths and injuries from **road traffic accidents**
- 3.7** Ensure universal access to **sexual and reproductive health care services**
- 3.8** Achieve **universal health coverage**, including financial risk protection, access to quality essential health care services, and access to safe, effective, quality, and affordable essential medicines and vaccines for all
- 3.9** Substantially reduce number of deaths and illnesses from **hazardous chemicals and air, water, and soil pollution and contamination**

SDG 3: The 4 Means of Implementation

- 3.a** Strengthen implementation of Framework Convention on Tobacco Control
- 3.b** Support R&D of vaccines and medicines for the communicable diseases/NCDs that primarily affect developing countries, provide access to affordable essential medicines and vaccines, provide access to medicines for all
- 3.c** Increase substantially health financing and the recruitment, development and training and retention of the health workforce in developing countries, especially in LDCs and SIDS
- 3.d** Strengthen capacity of all countries, particularly developing countries, for early warning, risk reduction, and management of national and global health risks
